NEUROPATHY
Nerve Disorder Causes Pain for Millions of Americans

GET RID OF IRRITATING NUMBNESS AND PAIN IN YOUR LEGS AND FEET WITH FDA CLEARED TREATMENT

There are over 100 different kinds of peripheral nerve disorders or neuropathies. Some are the results of a disease like diabetes while others can be triggered by a virus infection. Still others are the result of an injury or compression on the nerves. No matter where the problem begins, if it is important nerve disorders are resolved as soon as possible to prevent permanent damage.

How do you know if you have peripheral nerve damage?

The following symptoms may start gradually and then get worse:

- Numbness
- Pain when you walk
- Sharp electrical-like pain
- Burning or tingling
- Difficulty sleeping from leg or foot discomfort
- Muscle weakness
- Sensitivity to touch

If you suffer from any of these symptoms, call us today! We can help.

New FDA cleared treatments provide hope.

Many people suffer with pain for years, not realizing that their symptoms may be due to Peripheral Neuropathy. Treatment options have been limited to a small assortment of pain medications, which can lead to further issues. Ignoring the problem or masking the symptoms has never been a viable solution.

SpineAid Disc Center is pleased to announce their new program for treating Peripheral Neuropathy, which includes a combination of advanced FDA cleared treatments with breakthrough technology that aids in healing the damaged nerves. The effects of this program can be felt on the first few visits. This treatment restores, stabilizes, and rebuilds the nerves in your extremities. Treatment has also been effective in addressing painful symptoms of arthritis, MS, and other forms of chronic pain. Patients generally feel relief physically throughout the treatment period and even feel better emotionally after experiencing a reduction in pain.

Why SpineAid Disc Center?

SpineAid Disc Center offers some of the most advanced non-surgical, FDA cleared procedures for relieving chronic pain. Our customized approach utilizes the latest medical technology. We offer programs and procedures that will improve your health with the utmost safety and precision. We will provide you with an accurate diagnosis and recommend a program that best fits your needs.

Call today and start to find relief from pain.

We are confident that you will find healing and relief at SpineAid Disc Center. You will have a one-on-one consultation with one of our trained staff who will evaluate your condition and determine if you would be a candidate for this treatment. Due to the demand, we have opened an additional 30 appointments this week. Time slots fill quickly so call today to secure your appointment.

Limited to the first 30 callers!

Call today to schedule your appointment.

Call today: 732-384-1198

Susan M.
"The pain was so excruciating that I couldn’t sit in any chair, rise in a car, even in my post or in my shoes. Since coming to SpineAid Disc Center, I am now relieved of the pain and can resume a more normal life."

Spring 2020 Leaf Collection Schedule

The collection schedule is based on your recycling pickup day.

If your recycling day is on a Monday: Leaf pickup will be once during the week of April 20th

Have leaf bags curbside by 6:30 a.m. on the Monday of your collection week. Only leaves in bags will be collected. Sometimes we are ahead of schedule. You should put your bagged leaves to the curb before your scheduled week begins. We may come early, however, we will still come through your area once again during your scheduled collection week.

Leaves are not permitted landfill. If you miss the curbside collection, bagged or loose leaves must be brought to the Recycling Convenience Center, which is open Monday through Saturday from 7:30 a.m. to 3 p.m. Wood chips and leaf mulch are available to residents at the Recycling Convenience Center.

If you have questions, call 732-255-1000, ext. 8189.
